

3M™ PELTOR™ WS™ ALERT™ XPI Headset

Hearing protection with Bluetooth® MultiPoint Technology and Mobile App interface

Product Description

The Bluetooth® MultiPoint headset with noise-cancelling microphone connects to a mobile app to more easily set-up and adjust the headset as it wirelessly connects to two Bluetooth enabled devices, such as mobile phones and two-way radio. The headset helps to protect you against hazardous noise, but also makes it easy to make phone calls with both hands free in noisy environments.

Key Features

- High attenuating hearing protector in two models: stand-alone headband or safety helmet attachment (SNR 30 dB)
- Bluetooth® MultiPoint Technology for connecting to one or two external devices for hands-free talk and streaming
- Noise-cancelling boom microphone for clear speech transmission in noisy environments
- Level-dependent function for ambient listening to help improve your situational awareness
- Connection to an iOS and Android compatible mobile App to more easily set-up and adjust the headset. The 3M™ Connected Equipment App is available to download from App Store and Google Play.
- Push-to-Listen feature to easily and instantaneously listen to your surroundings
- Built-in FM-Radio with radio volume limited to 82dB
- Voice guided menu system with announced FM-Radio frequencies
- Digital FM-radio station search
- Ability to store your favorite FM-radio stations
- Auto power off: The headset will turn off after 4 hours of non-use to save battery
- Low-battery warning at low-battery level
- To help reduce corrosion caused by sweat the electronics are located in the outer part of the cup
- Rechargeable option with NiMH batteries
- Replaceable cushions and foam liners

Applications

The 3M™ PELTOR™ WS™ ALERT™ XPI Headset offers Bluetooth® wireless communication in continuous or intermittent noisy environments. Essential when users need to be connected to their mobile phone throughout the day (e.g. handymen in construction industries, private contractors operating their own equipment, farmers, maintenance workers in industrial applications etc.); everywhere hands-free communication and hearing protection could be of benefit.

Approvals

Hereby, 3M Svenska AB declares that the radiobroadcast receiver and Bluetooth® radio communication is in compliance with Directive 2014/53/EU and other appropriate directives to fulfill the requirements for the CE marking. 3M Svenska AB also declares that the PPE type headset is in compliance with Regulation (EU) 2016/425. The applicable legislation can be determined by reviewing the Declaration of Conformity (DoC) at www.3M.com/peltor/doc. The DoC will also show if some other type-approvals are also applicable. When retrieving your DoC, please locate your part number. The part number of your earmuffs can be found at the bottom of one cup. These PPE products are audited annually by Finnish Institute of Occupational Health, Notified Body No. 0403, Topeliuksenkatu 41 b, FI-00250 Helsinki, Finland and type approved by PZT GmbH, Notified Body No. 1974, An der Junkerei 48 F, 26389, Wilhelmshaven, Germany.

The product has been tested and approved in accordance with EN 352-1:2002 / EN 352-3:2002, EN 352-4:2001/A1:2005, EN 352-6:2002, EN 352-8:2008. A copy of the DoC and additional information required in the Directives can also be obtained by contacting 3M in the country of purchase.
